VICTIMS' FUNERAL OVER MILE LONG.

DUBLIN OFFICIALS PAY HONOR TO THOSE KILLED IN "MASSACRE."

 [BY ATLANTIC CABLE AND A. P.]
 DUBLIN, July 29.—More than 200,000 persons standing bareheaded and silent in the streets tonight witnessed the funeral procession of the three persons killed last Sunday when the King's Own Scottish Borderers fired into a mob during an attempt by the police and soldiers to seize arms which were being brought into Dublin for use by the Irish nationalist volunteers. All shops were closed for the occasion.

The procession, which started from the cathedral at a mile and a half long. The Mayor and the City Council and other public bodies and battalions of Nationalist Volunteers followed the hearse. As the cortege passed the scene of the shooting the bands played dirges.

Burial was in Glasnevin Cemetery, where the volunteers fired a volley over the graves.

CRISTOBAL'S TRIP FOR NEXT MONDAY.

WOULD BE FIRST OCEAN STEAMER TO SAIL THROUGH THE PANAMA CANAL.

 [BY ATLANTIC CABLE AND A. P.]
 PANAMA, July 29.—Col. George W. Goethals, Governor of the Panama Canal Zone, announced today that the first sailing through the canal of an ocean-going vessel would take place next Monday when the steamer Cristobal would make the trip from Colon to Balboa. This trip will be made in order to test the lock operations and the handling of large vessels at turns in the canal and at places where there are strong currents.

Col. Goethals stated that the official opening of the canal to world traffic, by order of Secretary of War Garrison, would occur August 15, when the steamer Ancon will make the first official trip from deep water of the Atlantic to deep water in the Pacific. The officials of Panama, the members of the diplomatic corps, canal officials and guests will be aboard the Ancon by invitation of Secretary Garrison.

Only canal officials will make the trip to the Cristobal.

British Squadron in the Pacific Assembling at Wei-Hai-Wei, Kaiser's Warships Steaming for Shanghai. Great Damage Done in Belgrade by the Bombardment. Manifesto from the Czar Expected.

 [BY ATLANTIC CABLE AND A. P.]
 BERLIN, July 29.—It was reported late tonight in circles close to the Austrian embassy that a mobilization of the German forces tomorrow was highly probable. No confirmation of this report is obtainable.

LONDON, July 30.—According to the Times, diplomatic intercourse between Austria and Russia was suspended yesterday.

SHANGHAI, July 29.—The British Far Eastern fleet is mobilizing at Wei-Hai-Wei, on the north coast of Shan Tung province. The German fleet is mobilizing at Tsing Tao, about two hundred miles to the south.

SPAIN'S FLEET IN MEDITERRANEAN.

 [BY ATLANTIC CABLE AND A. P.]
 GIBRALTAR, July 29.—Spain has ordered every available warship to assemble at the Balearic Isles, in the Mediterranean. The battleship Pelayo and several cruisers are proceeding from the Spanish coast and the cruiser Extremadura and a torpedo-boat squadron are leaving Algeiras for the same destination.

All necessary preparations are being taken here.

Disturbances at Stuttgart So Serious That German Troops Are Called Out to Quell Them.

 [BY ATLANTIC CABLE AND A. P.]
 STUTTGART (Württemberg, Germany), July 29.—Socialist anti-war demonstrations in this city led today to such serious collisions between the manifestos and the police that the authorities called out the troops to cope with the disturbances. The district where most of the foreign legations are situated, was surrounded by police guards, who were attacked with volleys of stones by the people.

HUGE TRANSACTIONS IN WAR INSURANCE.

RATES AT LONDON ARE TREMBLED AND QUADRUPLED AGAINST WAR RISKS.

 [BY ATLANTIC CABLE AND A. P.]
 LONDON, July 29.—A dispatch to the Times from Durazzo says the Austrian Lloyd steamship service from the Adriatic Sea is completely interrupted. There were enormous transactions yesterday in London in insurance against war risks. The rates trebled and quadrupled as compared with those of Tuesday.

AMERICAN WOMAN TO AID SERVICEMEN.

DIPLOMAT'S WIFE EXPECTS TO RAISE HOSPITAL CORPS FOR WAR SERVICE.

 [BY ATLANTIC CABLE AND A. P.]
 LONDON, July 29.—Mrs. Grouitch, the American wife of the Serbian Assistant Secretary of Foreign Affairs, Slavko Grouitch, is expected to come to London to raise a corps of volunteer surgeons and nurses for war service. She notified a London friend yesterday that the Austrians had prevented her from crossing the border to join her husband in Belgrade. She wrote from Sile-Maria, Engadine, Switzerland: "I am wild with anxiety for Slavko, but feel I can really be of more use outside the lines than within them at the present juncture. If I hear war has broken out I shall at once return to London to raise a corps of surgeons and nurses; otherwise I shall await instructions here from Slavko. At present we can get no news through on this side, but I hope he will be able to reach me by way of Greece in a day or two. The suspense is terrible."

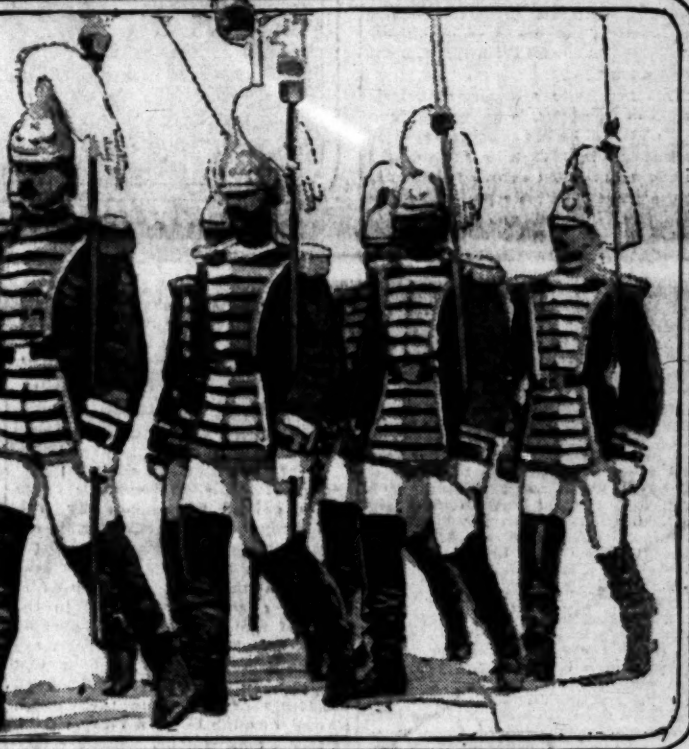

Mrs. Grouitch was formerly Miss Mabel G. Dunlap of Virginia.

Sazanoff is the Russian Foreign Minister. Dispatches from St. Petersburg have represented him to have worked hard with the Austrian Ambassador to prevail on Vienna to prevent the attack on Belgrade, but to no avail. Berlin.

FAVORABLE AUGURY FOR PEACE BUT SITUATION IS CRITICAL.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, July 29.—The public was anxiously awaiting late tonight the result of a Cabinet council held today on the Austro-Serbian situation, but nothing transpired to relieve the suspense. Information also was anxiously awaited concerning telegrams exchanged between Emperor William and Emperor Nicholas, but here too hopes were blasted. The public, nevertheless, still sees a favorable augury in the interchange of telegrams itself.

Meanwhile news continues to pour into Berlin regarding Russia's military measures.

War in Los Angeles.

TWO AUSTRIANS ARE WOUNDED; SERBIANS JAILED FOR CRIMES.

SHOUTING, "We'll kill all you Austrians off before you get to the old country," Steven Gelich, a Serb, is alleged to have shot John Nuick and stabbed Steve Coloch, both Austrians, fatally injuring both, last night at Ord street and North Broadway, the heart of the Slavonic district. A near-riot ensued. It was quelled following the arrival of three

automobiles loaded with officers from police headquarters.

The cause of the trouble was an alleged personal grudge heated to blood-passion by race hatred, following numerous street conferences held in the district during the last few nights.

Gelich is a restaurant keeper at No. 411 Ord street. Another Serb, V. Ruper, a restaurateur, No. 653 North Broadway, said to be an accomplice of Gelich's, was arrested. In his possession was found a revolver containing two discharged shells which smelted of freshly-burned powder. Both men deny any connection whatsoever with the affair.

 Confidence.
DIPLOMATS HOPEFUL OF RESTORING PEACE.

But the Actual Events in Europe Seem to Foreshadow a Conflict.

British Foreign Minister Is Reported to Be Trying to Frame Fresh Proposals for a Complete Settlement. Big Gap Between Mobilization and War Is Being Carefully Measured.

 [BY ATLANTIC CABLE AND A. P.]
 ST. PETERSBURG, July 29.—The Novoye Vremya says the Austrian Emperor has addressed a personal letter to Emperor Nicholas which is likely to have an important influence on the crisis.

PARIS, July 29.—At the Elysee Palace President Poincare was engaged until late tonight conferring with Premier Viviani and the Cabinet ministers. The government was continuing to use every means to reach a basis for the conciliation of the hostile countries. As a result of the crisis, President Poincare has abandoned his contemplated vacation in the Alps.

LONDON, July 29.—The day's events brought no relief to the suspense nor any diplomatic achievement to restrict the Austro-Serbian war to those two nations. The feeling throughout the continent as reflected by reports to the London papers is tonight distinctly more anxious than yesterday.

The events have made for pessimism. Direct negotiations by Russia and Austria, which gave the other governments hope of a compromise, have failed and are ended. Russia is mobilizing against the Austrian frontier four army corps in each of four districts, consisting of 1,250,000 men. Russia's resolution to stand by Serbia appears to be fixed, and Russian sentiment is all for taking up arms.

A manifesto by the Russian Emperor, making his policy clear, is expected hourly. The diplomatic representatives have not yet despaired. All say there is hope yet, and base their belief on the fact that Germany, France, Great Britain and Italy—the last two named most of all—do not want war and do not think the Austro-Serbian quarrel important enough to justify it.

St. Petersburg messages say that Russia asked Austria for direct exchange of views and that Austria refused this offer. The refusal appears to have been to extend the much discussed negotiations, which yesterday were considered in the chancelleries as the principal known basis for optimism.

Sir Edward Grey, the British Secretary for Foreign Affairs, to whom all look as the foremost conciliator of Europe, is attempting, it is believed, to frame fresh proposals for a settlement. The diplomatic world of London clings to the belief that a means can be found whereby Austria may satisfy Russia that she can attain her ends without recourse to measures which the Russian government and Russian public opinion cannot accept.

There is the greatest anxiety as to whether Russian mobilization will be confined to the Austrian boundary or is proceeding secretly against Germany, but between mobilization and war there is a gap which the two nations bridged in 1909 and may again.

The first important fighting occurred before Belgrade when the Serbians blew up a bridge across the river. The Austrians attacked them and the Serbians retreated to the capital, which unconfirmed reports say is being bombarded.

COUNCILS OF STATE.

Councils of state were held at St. Petersburg, Berlin and Paris. The British government continues the attitude that the crisis does not yet concern Great Britain, save as a spectator and peacemaker. An official statement issued today says: "No measures have been taken by the military authorities which are of the nature of mobilization. The only orders which have been given are of a purely precautionary and defensive character. The naval measures are also precautionary. No mobilization has been ordered."

SOBERING EFFECT.

In the face of what so calm-minded a statesman as Viscount Morley called in the House of Lords tonight "the possibility of a vast catastrophe," the politicians and the press have become sobered to an extent this country has never before known. Not a word inciting to international or domestic hostilities comes from any quarter. The most bitter anti-German papers speak of Germany in terms of respect and friendship.

C. F. G. Masterman, appointed Chancellor of the Duchy of Lancaster some months ago, speaking at Ipswich tonight, said: "Should international war come it would mean a new story in the history of civilization—a kind of death grapple in the darkness, a cosmic catastrophe."

The Rt. Hon. Sir John Henry Dail, presiding at a great Liberal meeting here tonight, in which the Irish Laborites participated, and which was originally called to stiffen the back of the government on home rule, said: "The threat of civil war in Ireland has been greatly magnified. It has a

Arouses Enthusiasm.

VIENNA, July 29.—The Serbians at 11:00 o'clock this morning blew up the bridge spanning the River Sava between the Austrian town of Belgrade and Belgrade. The Austrian infantry and artillery stationed at Belgrade, in conjunction with monitors on the Danube, fired on the Serbians as they retreated after a short engagement with trifling losses.

SERBIAN BOATS CAPTURED.—A small detachment of pioneers in co-operation with the customs officers yesterday captured two Serb steamers laden with ammunition and arms. The pioneers and customs officers came the Serbians and took possession of the vessels and their dangerous cargoes. The captured steamers were towed away by one of the Austrian steamers.

Emperor Francis Joseph will return to Vienna from Ischl tomorrow and may then go to Budapest to meet the king of Hungary.

The Serbians are growing since the emperor's manifesto and patriotic demonstrations are being held all over the country. Runs on the banks are diminishing.

All Serbians liable to military service residing in Austria-Hungary are being arrested and handed over to the military as prisoners of war.

CARRIE JACOBS-BOND

Carrie Jacobs-Bond is known in nearly every English speaking home, and her songs are without doubt as widely sung as any of their kind ever written. For most of her songs she has written the words also—her own life lessons with their sweetness and their sadness echoed in the music interpreting them. CROP PEST ROUTED.

But Ravages of Army Worm in
Michigan Will Cost Farmers Five
Thousand Dollars.

[BY A. P. NIGHT WIRE.]

LANSING (Mich.) July 29.—The army worm, which for two weeks has been ravaging Michigan crops, has been routed, according to Dr. G. D. Shafer and G. C. Woodin, Michigan Agricultural College experts, who have just returned here after helping farmers wage war on the pest. They reported the total loss in the affected districts will amount to \$2,000,000.

"There need be no fear of further damage," said Dr. Shafer, "because the combined attacks of the farmers and the tachina fly are destroying the worms."

Most of the losses sustained in Michigan were in oats, which, until the worm appeared, promised an unusually heavy crop.

Wealthy Attorney of New York

[BY A. P. NIGHT WIRE.]

BEDFORD (N. J.) July 29.—The body of Elliott Marshall, a lawyer, with offices in Wall Street in New York, who has been missing since July 23, was found today in Raritan River, several miles from here, by fishermen. No trace of robbery or violence was apparent.

A fund of \$50,000 was collected by Mr. Marshall's friends to search for him shortly after his disappearance. The death of his baby daughter six weeks ago at the family home in Montclair, N. J., preyed upon his mind, and this is thought to have caused an attack of amnesia, leading him to wander away. He left a fortune of about \$500,000.

The Year's Most Important Event in Dry Goods Month-End and Season-End Clean-Up

Today and tomorrow we will hold a sale the like of which for value giving has no parallel in Los Angeles. The prices we have given this merchandise will, in many instances, appear so ridiculously small that you may question the correctness of the figures. It is our aim to clean up every slow line in every department, without regard to cost or former selling price. We do not expect to make a profit or even expenses, we are intent only upon preparing our entire stock for the reception of the incoming Autumn lines—to show only the most desirable, the latest fashions in every line wherein Fashion figures. That is our sole aim in closing out this merchandise. Read the following items and you will be convinced that we are going at this in no half-hearted way. No approvals, no exchanges and no C.O.D.'s without a substantial deposit.

ROB TOURISTS

IN YELLOWSTONE

Twenty-five Coaches Held by Park Bandits.

Passengers Forced to Load Money in Feed Sack.

Government Troops Pursuing Fleeing "Bad Men."

[BY A. P. WHEAT WIRE]

GARDINER (Mont.) July 10.—United States cavalrymen, side-trappers and foresters, scouring southern trails of Yellowstone National Park tonight in search of bandits, who, with rifles, held twenty-five coachloads of tourists the park today and took money from 185 passengers. The troops are led by Lieut.-Col. L. M. Brett, park superintendent, and are seeking to intercept the robbers before they reach the Jackson Hole country in which, a famed resort of bad men.

The hold-up occurred in the Geyser basin, about halfway between the hotel in Spring Creek Canyon pass as the coaches rounded a curve they were stopped and the passengers were ordered to unload their money in a feed sack lying on the ground. Each coach was unloaded and coerced to move on. The money taken before the tourists being told, they could take their jewelry.

A similar hold-up occurred at the Jackson Hole before the robbery, and a large amount of cash was obtained.

ESTIMATED LOSS.

Estimates late tonight of the loss obtained by the bandits vary from \$3000 to \$5000. Reports from the Hotel in Yellowstone indicate that the losses sustained ranging from 35 cents to \$50. One of the tourists had their money in the form of checks.

The bandit that conducted the hold-up wore a black silk handkerchief over his face.

With transportation companies offered rewards aggregating \$500 for the capture of the bandits.

Passengers on the stages said the coaches were held up after actual of robbing held up each stage passed the canyon by pointing at it.

The highwayman had the stage because government regulations prevent any persons except the warrants of the justice department.

VICTIMS.

The following is a partial list of passengers who were robbed:

Mr. J. H. Brown, of Chicago; Mr. Martin Rutkowski and wife, Milwaukee; Dr. C. B. Barbe and wife, St. Paul; Mrs. E. J. Davenport, Iowa; Russell Bell, Davenport, Mrs. H. J. Baldwin, Joplin, Mo.; Mrs. H. J. Cawley, Kansas City.

WHY SHE QUIT HER JOB.

Ex-Stenographer for American Brokerage Company Says She Not Stand Roars of Alleged Villains

The efforts of the defense in case of the American Brokerage company yesterday were devoted to showing that, up to 1916, the company had no stock to deliver to investors and that it settled with a sum full. This information was elicited from the testimony of Miss McKenna, who testified that she and Mrs. Elsie Sommer, who employed by the company as stenographer.

Miss McKenna added a reference to the anvil chorus directed against Frank B. Woodruff, one of the defendants, who quit her job because the contracts made investors were not being carried out. She stated that the American Brokerage Company was constantly being bombarded with letters from irate customers wanting to know why their money had not been returned according to agreement.

Miss McKenna testified that she did not believe in Woodruff's opinion. "The game was crabs but after that she said, he came to deal in Miami Springs, Fla., and she thought that if he wanted to take it, either as an original investment or in place of other investments, she would have been willing to substitute for security originally ordered.

She reported that she had received letters she had written to others in this city and elsewhere, to arrange for the sale of stocks to investors. She stated that all orders, and she identified letters sent to investors settling accounts, and she indicated that some times at least an effort was made to carry out the contracts. In 1910, payments to the amount of \$100,000 were made to investors, as shown by the evidence.

NOT UNFORTUNATE TIME.

Union Oil Official Hears North Stock Issue Despite Rumors—Interference.

In the face of panicky conditions in the foreign stock markets here yesterday had it that a portion of the British Union Oil company, Ltd., stock had been subscribed to a Scotch banking house. An official of the Union, although he probably refers to the fact that has been issued, gave it as his opinion that it was a most unfortunate time to undertake the move, and that an effort will be made to have been subscribed had been received by him.

The rumors were apparently founded, have been in circulation several days that the issue was not made, so far nothing in way of a confirmation of the move has been received. As long as present situation exists, it is not probable that an effort will be made out the stock.

The rumor yesterday had it that \$100,000 of the preferred stock issue had been marketed by the Scottish bankers paid 5 per cent, or \$500,000 on the amount subscribed. It is known that a Scottish firm is interested in that. The Union oil stock showed practically no change.

THE CITY AND ENVIRONS.

EVENTS BRIEFLY TOLD.

Colorado Picnic.

The Colorado Association will hold its annual picnic Saturday at Long Beach. Those desiring to attend may get their tickets and badges at the American Express Company, Sixth and Main streets. Colorado people and their friends are to meet at Sixth and Los Angeles streets at 10 o'clock a.m. Mrs. F. L. Carpenter is president, and Mrs. H. W. Bates, secretary.

Capitalist Recovering.
Walter P. Story, who was seized with an attack of appendicitis as he and Mrs. Story were en route home from a visit in Roseman, Mont., was so improved yesterday that he made a trip to his office. Mr. Story's physician has advised an operation, however, as soon as the capitalist's physical condition will permit, which will probably be in two or three months.

Among the Cannibals.
Rev. J. W. Henry, D.D., twenty-four years a resident of Tahiti and a grandson of the first missionary to that country, who went out from England in 1787, will give a stereoscopic lecture on his "Experiences Among the Cannibals in the South Seas" this evening in the auditorium of the Young Men's Christian Association. It will be free and the public is invited.

Additional Agent.
Morris Orsatti, with offices at No. 222 North Spring street, was yesterday appointed passenger and ticket agent for the Pacific Coast Steamship Company, to facilitate the handling of the concern's growing business in the north part of the business district. This is the first time that the Pacific Coast Steamship Company has had more than one agency here.

For Big Fair Fund.
Resolutions endorsing the plan of the 1915 General Committee of Los Angeles City and County on Entertainment and Celebration of the Opening of the Panama Canal to call on the Board of Supervisors to levy an assessment of 6 cents on the \$100 valuation to raise funds for next year were adopted yesterday by the directors of the Chamber of Commerce. This tax levy would assure over \$600,000 for entertainment and celebration in 1915.

Willing to Mediate.
Assurance that the committee of general managers which is representing the western railroads in the wage-negotiations with the engineers is perfectly willing to submit to arbitration under the Newlands' Act was given the Merchants' and Manufacturers' Association and the Associated Jobbers of Los Angeles yesterday in telegrams received from A. W. Trenholm, the chairman of the committee. These telegrams were in response to resolutions adopted by these bodies urging mediation.

Lodge Leader Weds.
Leo M. Rosecrans, a prominent young attorney of this city and for the past two years district deputy and head of the Knights of Columbus in Southern California, was married yesterday morning at San Pedro to Miss Margaret, daughter of Mr. and Mrs. P. After a wedding trip through the Eastern States and attending the Supreme Conventions at St. Paul, Mr. and Mrs. Rosecrans will return to this city and reside at No. 1311 Albany street.

After Another National Gathering.
From 1909 to 1909, osteopaths from all parts of the United States and Canada will gather here next year if an invitation sent East yesterday by President Flint of the Convention League is accepted. Incidentally the 1915 general committee will have more work on its hands if Dr. W. D. Goodfellow is successful in bringing his brother practitioners here. The osteopaths will meet in Philadelphia next week and Dr. Goodfellow will urge the claims of Los Angeles as the best place to hold the convention next year.

Dr. Burdette's Birthday.
In honor of the seventieth birthday anniversary today of Dr. Robert J. Burdette, venerable humorist and pastor emeritus of Temple Baptist Church, the Pennsylvania Society is addressing to Dr. Burdette's summer home at Clifton-by-the-Sea letters of felicitation on behalf of the association. Dr. Burdette is an honored member of the organization, being himself a native of Greentown, Pa. The letters are signed by Dr. J. J. Mundorf, president, and Mrs. Roy J. Farr, secretary of the society. The action is predicated upon a motion made at the last meeting of the society by R. C. Hartshorne.

Vacation Anyway.
Nothing daunted by their terrifying experience of a day and night adrift in a disabled launch while endeavoring to reach Catalina, J. C. Murphy and Frank Wilcox, respectively chief electrician and head bellman of the Los Angeles Athletic Club, took a fresh start yesterday and will spend their vacation fishing in the channel.

and the Worst Is Yet to Come

Mr. Murphy, who lives at No. 1021 West Fifty-first street, and Mr. Wilcox, of No. 5111 Gramercy place, were picked up by the steamer Wellesley several miles offshore in the launch Kewpie. The boat, which belongs jointly to T. A. Ruby of No. 321 South West street and J. J. Baker of No. 1164 West Eighth street, is undamaged.

To Last Rest.
Mrs. Carrie T. Priest, wife of H. M. Priest, a wholesale furniture dealer, passed away yesterday at the residence, No. 1520 West Forty-seventh street. She was the mother of Mrs. Roy E. Johnson of Chattanooga, Tenn., and Mrs. N. E. Shafer of this city. Funeral services will be held at 10 o'clock tomorrow morning from the family residence.

Death of Mrs. McCune.
Mrs. William T. McCune, wife of the auditor of the Hotel Hayward, died yesterday afternoon at the Burlington apartments after a very brief illness. She and her husband came to Los Angeles four years ago from Dallas. Their children are William, aged 18, and Lillian, aged 15. Mrs. McCune was an active member of several clubs and had a wide circle of friends. Her father was Attorney Joseph W. Johnson of New York City, who was prominent in the development of the New York Life Insurance Company.

SUMMER SCHOOL BOYS' JOY RIDE.

RUSH AUTO TRUCK TO BEACH IN RECORD TIME AND MAKE MERRY.

Not "What Happened to the Kids at Venice," but "What the Kids Happened to at Venice," should be the title of this thrilling little tale. The Times Joy-ride de luxe was wished on forty-six kids from Seventh-street summer school yesterday.

Some of those boys had never been joy-riding before. But they all knew the geography of the old truck Neptune from start to finish before they reached Venice; for they gleefully took turns at the throttle and rushed the big sea-worthy auto to the beach in just three-quarters of an hour. The chauffeur is a little tin rod to these youngsters and it's safe to say that this morning every mother's son of them is chauffering an imaginary automobile, consisting of anything from an Irish Mail to a broken baby buggy, around the back yard.

The Miniature Railway was the first thing those kids happened to. That hundred mouse-power engine was strained to its capacity in hauling that big load of huskies, and they made so much noise they drowned the noises of the little young train, and it nearly ran over a crowd of skirts on the Midway.

Next those youthful live wires visited Merryland, with its deceitful mirrors and its colorful features; then Rubetown, with its near-lions and temperamental floors and doors; Chinatown with its eerie inhabitants; the Race Through the Clouds, that original fun factory; and the abiding place of the sea-elephants. In the ostrich farm one enterprising kid tried to feed an ostrich a tin can, but was repulsed with heavy loss, and one boy in bathing tried to do an Annette Kellerman and was pulled out gasping, but recovered sufficiently to eat with rapidity and gratitude the five ice cream cones provided by his kind rescuer, an athletic young man, who refused to be immortalized in these columns.

And coming home they sang everything from "Too Much Mustard" to "Star-Spangled Banner," and when the chauffeur faint would have restrained their mirth, they chided him with: "Send your tracks, kid, you're skidding! Ain't this our joy-ride?"

The following were among yesterday's arrivals at the Clark: A. E. Kennedy, mine operator from Goldfield; T. G. Bond, cotton grower, and Mrs. Bond of Alexandria, La., and O. H. Gardner, jeweler, and Mrs. Gardner of Elmhurst, N. Y.

SO THEY SAY.
SCHOOLMA'AMS UNDER A BAN.

SO YOUNG QUARTETTE FINDS IN SUMMER TRAVELS.

Now They Go Incognito and Avoid All Reference to Their Occupation, Rather Than Have School Teachers' Interference With Public's Attitude Unjust, Declares Their Spokesman.

School teachers must travel incognito to have a jolly time. That is the observation of four young school-ma'ams from Sacramento, who were unannounced at the Westminister yesterday by an acquaintance. The young women who were trying to keep their vocations a secret are Miss Julia Cole, Teresa M. Perdue, Mary O'Neill and Alice Burlinson.

"Early in our travels this summer we quit telling that we were school teachers," Miss Cole said. "We noticed that almost invariably the disclosure had a dampening effect on our pleasures."

"The public has the erroneous idea that school teachers always desire to be dignified and that they are always quoting Latin and Greek or making some reference to mythology, which no one else understands."

"One of my friends had a sad experience along this line. She went to a fashionable mountain resort to spend a month. She has an attractive personality and in a short time was a general favorite and was greatly in demand as a chaperon. Then an acquaintance came along and tipped it off that she was a school teacher, and you should have seen the change that came over everybody. With that announcement came the end of her good times."

"Not all school teachers are old. Not all of them keep their minds always fixed on the rise and fall of the Roman empire, logarithms and such subjects."

"There is a ban on our profession which is unjust to us. If, for one, would like to see it lifted. I'm tired of being treated like a nun. Our secret leaked out here in Los Angeles, but we'll try to keep it quiet at the next city, so that we can be treated like other folks."

Miss Cole has been teaching school only a few years. There is no frown on her face, but a happy smile. She is the sister of Roy Cole, Treasurer of Yolo county. Miss O'Neill is the daughter of Mrs. Minnie O'Neill, superintendent of schools in Sacramento county.

CAUGHT IN NEW YORK.

A telegram was received yesterday by Frank E. Johnson, special agent of the Treasury Department, that Peter Berda, supposed to be the New York agent of the Pacific Coast smuggling ring, had been arrested in New York. It is alleged that he had a lot of opium in his possession and leaguers connecting him with the gang.

The smuggling ring, headed by Henry and Helen Fauser, an effort will be made to have Berda removed to Los Angeles for trial with the other conspirators who are now in the County Jail.

UNABLE TO PAY EXCESSIVE RATE.

L. A. Investment Company
Seeks Lower Interest.

Gold Notes Held at Figure
All Too High.

Directors Plan Reduction on
Past-Due Paper.

The board of directors of the Los Angeles Investment Company has under discussion plans for the reduction in the rate of interest on the outstanding gold notes. When the new management took office last November, the company had nearly \$7,500,000 of gold notes outstanding and in addition about \$320,000 home certificates which, by their terms, were exchangeable for gold notes. Home certificates have since been reduced to about \$24,000 outstanding, and there has been issued \$248,000 in new 6 per cent. gold notes, refunding in part the old issue. There are still outstanding gold notes of the original issue totalling \$1,510,000, and for the most part these are past due and bearing 15 per cent. interest payable quarterly.

Some drastic and decisive steps are contemplated by the board of directors to reduce the interest rate on the outstanding gold notes, said the manager yesterday. "While it was not intended to make any announcement at this time, it is a fact that the board has been debating the advisability of taking some definite action and has instructed the attorneys of the corporation to advise what plan may be pursued. The board is of the opinion that the company cannot possibly afford to pay the excessive high rate of interest borne by these notes and that measures must be taken forthwith to reduce the interest charge. There is not sufficient money available to refund the notes and some other course must be taken."

The company now has an advertisement running calling for offerings of gold notes to be made prior to noon of August 4, in which it is stated that \$150,000 will be available for the redemption of past due gold notes. The management points out, however, that there will still remain outstanding \$1,360,000 of gold notes now bearing 15 per cent. interest and that the corporation cannot long afford to pay this excessive rate of interest on that amount of paper. The company recently offered to pay 40 per cent. of any past due gold note in cash provided the holder thereof would take a new gold note in a year at straight 6 per cent. interest for the remaining 60 per cent. Nearly \$400,000 of the past due notes have been retired since this offer was made, but the offerings under this plan have not been as great as was anticipated. The management reports that 40 per cent. will be paid on past due gold notes up to the time of opening bids under the advertisement now running to retire past due gold notes at the lowest price offered.

The Los Angeles Investment Company has purchased 1,100,000 shares of Home Makers stock pursuant to the recent offer to pay 7 cents per share in cash and notes, and the management reports that the stock is still coming in at the rate of about 20,000 shares per day. It is said, however, that this offer may shortly be withdrawn.

SOUTHERN PACIFIC PLACES AN
ORDER FOR THIRTY BIG
LOCOMOTIVES.

Following up its announced intention to purchase additional equipment for exposition-year service, the Southern Pacific has placed an order with the Lima Locomotive Corporation for thirty locomotives to cost an aggregate of \$150,000.

Another large equipment order just placed is that of the Union Pacific with the Pullman Car Company for 100 passenger cars to cost \$1,400,000. Many of these cars will be operated on through passenger trains entering this city over the Salt Lake. The Southern Pacific order includes twenty superheater Mikado-type passenger locomotives and ten superheater switching locomotives. The Mikados will be extra powerful machines, with 26 by 28-inch cylinders, sixty-three-inch driving wheels, a tractive weight of 215,000 pounds each and a total weight of 265,000 pounds. The switching locomotives

will have a dead weight of 155,000 pounds each.

This order supplements the order placed last week by the same road for forty passenger cars for 1915 delivery.

The Union Pacific's order includes fifteen seventy-foot baggage cars, two seventy-five-foot baggage and buffet cars, ten sixty-foot postal cars, five sixty-foot baggage cars, four seventy-foot baggage and postal cars, twenty-one seventy-two-foot observation cars, two seventy-foot parlor cars, five sixty-foot coaches, five seventy-foot coaches, two sixty-foot chair cars, and twenty seventy-foot chair cars.

M'CUTCHENS WIN THEIR OIL LAND.

HARD-FOUGHT CASE DECIDED
AGAINST GOVERNMENT.

Quarter Section in the Sunset-Mariopola Field Goes to Industrial and Indefatigable Family of Many Brothers and Sisters by Decision of Local Office.

Register Bureau and Receiver Robinson of the local Land Office yesterday decided against the government in the case of the United States against the Pacific Midway Oil Company and others. They ruled that the charges of the government that G. W. McCutchen and others were "dummy" entries should be dismissed, and the entry passed to patent.

The land involved is a quarter-section in the rich Mariopola-Sunset oil field in Kern county, and the McCutchen family has profited by the entry more than \$300,000 already, with other valuable leases awaiting the action of the land department of the government.

The allegation of the government was that G. W. McCutchen, with the aid of seven associates, had attempted to unlawfully secure title to the quarter section, when, under the mineral and law, McCutchen was entitled to enter but twenty acres. It appeared that, after McCutchen had perfected his entry, deeds had passed to him from the other entries—made up of his brothers, his sisters and a brother-in-law.

The one location upon which the government's charges were based is known as the "Hawk Placer Claim," and was made by G. E. Taylor, C. F. Teichert, E. H. White, G. W. McCutchen, M. A. Johnson, W. Kimball, A. Weaver and C. E. White. The reason for this is that it is a Hawk location on which the application for patent was based.

The Register and Receiver find that all the subsequent locations made as a matter of convenience in perfecting a transfer, or upon erroneous impression as to the law and the rights of the original locators. It was frankly admitted that these others had no interest in the Hawk location and permitted their names to be used by McCutchen so he could have the claim deeded to himself and in turn make a deed to others who were in a hurry to commence drilling operations; one of the original locators being absent and not available at the time. It was shown by the work done that the McCutchen family claimed the land all the way through, and gave deeds to individual members of the family, and the government application should not be allowed and the entry passed to patent.

The local office also finds that the withdrawal order does not affect the rights of the applicants, since work was commenced on the ground before the order was made and said work was continued with reasonable diligence, under the circumstances, until discovery of oil was made.

Knight Outlook Dark.

The attention of the postoffice inspectors has been called to the case of C. M. Knight, promoter of the mythical "Tower of Babel," who has been sentenced to six months in the County Jail by the local Superior Court. It is claimed that Knight used the mail to defraud his victims and an investigation will be made.

BRING THEIR FOOD.

The intruders brought their grips with them, containing enough food to last them a few days. They claim the title in the ownership of the property and say that they will not leave. A divorce suit was recently filed in Judge Monroe's court between Mr. and Mrs. Robinson, but no decree was issued. The judge blames the son, E. A. Robinson, as the cause of the trouble, saying that the wife and daughter are acting under his orders.

Mrs. Hall says that she is an innocent party to all the trouble and calls for the conviction of Mrs. Robinson. Mr. Robinson is backing her up. They will be represented by Attorney Stephen L. Sullivan.

DISCORD AT MEETING.

Policeman, Called to Settle Trouble of Citizens, Refuses to Quot Unwelcome Guests.

Discord broke in on a meeting of citizens living on the west side of the Arroyo Seco, between Avenues 35 and 53, that was held last night at No. 3911 Pasadena avenue. When it grew tense, a policeman was called to eject various persons opposed to the organizers of the meeting. Bills calling a mass meeting were exhibited, and the officer refused to act.

The meeting was called by H. W. Farley and R. G. Bussenius. Trouble arose when an attempt was made to limit the number of those who might vote to persons who were first asked to sign a membership certificate in an application.

The majority of those present would have thus been silent. They declined to submit, elected their own chairman and adopted resolutions endorsing the attitude of the Arroyo Seco Association in opposing the continued use by the Los Angeles Rock and Gravel Company of a spur track across Pasadena avenue.

This precipitated action. Mr. Farley, who had called the meeting, then called a policeman.

Figures in a Remarkable Controversy.

Mrs. E. J. Robinson, left, who is alleged to have drawn a gun on her husband and Mrs. B. A. Hall, and her daughter, Harriet. They took possession of a disputed house at No. 908 West Fifty-third street and held it throughout last night, these two being on one side of the front room and Mrs. Hall and Mr. Robinson on the other, with an open door between, through which a patrolman surveyed the situation at intervals.

RUSSIANS REPUDIATE CIVIL MARRIAGE LAW.

Judge Wilbur, who formerly conducted the Juvenile Court and was instrumental in bringing about this reform in the Russian colony, when it was found, as alleged, that parents were selling their girls to suitors for money, interpreted the notice served upon him as a declaration of independence on the part of the Russians and a determination to continue the old-world customs of a religious ceremony instead of first applying for a marriage license. He suggested that the matter be brought to the attention of the Federal authorities.

Under the Russian custom there is no binding tie between husband and wife. Children born to the couple have no standing in law, and they are deprived of the right of inheritance.

The revolt is the result of racial prejudice and may result seriously for the revolution. If the Federal authorities take the matter up, ever since the Juvenile Court investigated conditions said to exist in the Russian colony of bartering girls for marriage licenses, there has been hidden defiance of the law by a portion of the colony.

Several Russian girls have thrown themselves into the streets in protest of the court, saying that their parents were forcing them to marry men whom they did not know or whom they despised, and that the groom put up cash, which the girls regarded as bartering for them.

The notice to the courts was sent under cover by Ivan F. Holuboff, Radion T. Kulikov and Ivan G. Samarin, on behalf of the Russian colony, terming it a remonstrance.

FREDERICKS LOVE FEAST.

Business Men Pledge Their Support to Him.

District Attorney Will Win in Walk.

London Pleased With Work in Southland.

BY BURL ARMSTRONG.

Any prominent Republican business man held a love feast at the Southern Club last night at which guests were pledged for each guest

strong pledge for each guest was given in support of the candidacy of Capt. John D. Fredericks for Governor.

The speeches that were made at the informal talks at the dinner were generally conceded that Capt. Fredericks will easily win the nomination at the coming primaries.

The purpose of the dinner was to bring before a number of influential Republicans and business men who are

strongly in favor of his candidacy and who will help in seeing that he is not only nominated but elected.

The speaker was called by Motley last week. It was the culmination of a sentiment that is generally

coming over all of California and is at a time when there is a wide-spread belief among Republicans

that the District Attorney will win the gubernatorial nomination.

STRONG FOR HELEN WILLIAMS.

BY AGNES THURNAU.

BULLY for you, Helen Williams! Bully for you, Florence Richmond! Bully for the women of California who are rallying to the support of a woman for Lieutenant-Governor—a woman who declares boldly right straight from the shoulder that she will raise hell good and high and plenty with prison methods and conditions as they exist in California today. That is a woman's work, and the women of California ought to vote for Helen Williams solidly as a unit, for this, if for no other reason. I'm going to vote for Fredericks and Helen; and what's more I'm going to get a few hundred other people whom I meet in my humble way to cast their ballots for the big winners.

And there are hundreds of thousands of good people who are going to vote as I am. It's nice to be in good company, but it's better to be right. And when I walk up to the ballot box on that eventful day in August, when the people of California are going to show the pot-bellied chap who has been about to bust a blood vessel doing battle for the Lord, how badly they DON'T want him for Governor, namely that day on which Hiram takes his place with the Has-Beens and Used-To-Wuzzes, I'll be getting in one good look for honesty, honor and justice, political, commercial and personal for California and the people of California. Every lick counts. I'm only one, but I count that much. I've heard lots of other people say the same thing. We, the people, have eyes to see, and ears to hear and God knows we have heard enough of solemn political cant from the bunch of demagogues who have named themselves "Progressive," and seen enough of the results of the hypocritical manipulations of the leaders of this particular bunch of sheep to last us the rest of our lives.

That Helen Williams stands for all that she claims she stands for, I believe thoroughly. I have known her in an intimate personal way. I have seen her in the most trying situations that a business woman, or any woman can find herself. And I do not hesitate to say that I have never seen her fall the high ideals that she cherishes.

That her heart is sincerely and wholly in prison reform work, social justice, economic independence, commercial progress and equal opportunity for all, I know to be a fact. That she is a fearless fighter, a peerless standard bearer for women, the mental and moral equal of any man or woman in the State, the superior of any other candidate for Lieutenant-Governor, I believe absolutely. That the women of California should rally to the support of Helen Williams for the high office of Lieutenant-Governor and so make her election possible, I also believe. She represents all that is best in womanhood, she is the highest possible expression of the ideals that we are cherishing for women. She has succeeded in business against tremendous odds because of her good, sound business sense and her unquestionable integrity. She has fought the petty jealousy of her sex and retained her sweetness and equality; she has fought poverty and hardship and won without any compromise of her commercial integrity; she has fought men opponents who have fought her fairly and otherwise in the only true way in which one may fight—standing strictly on principle. Helen K. Williams is all wool and a yard wide, measured by any yardstick and she would do honor and credit to the people of California if they elected her Lieutenant-Governor of the State.

It would be a mighty step forward, if she were placed by the side of the Governor of the State, as Lieutenant-Governor. It would be a supreme accomplishment for the women voters of the State, a tremendous mark of sanity and fairness for the men voters.

It would place California in front of every state in the Union for real advancement and great social and political wisdom. We need prison reform—God knows we do—we need to prove to the world that the influence of women in political life is for the attainment of the highest political ideals. We can do this in no better way than to place a woman in a position to work out these ideals for us in high political life. Then come on, women of California, let us show the world that we mean business, that we have our shoulders to the wheel, that we want a WOMAN IN A HIGH OFFICE, come along with a strong pull, a long pull, and a pull all together for Helen K. Williams for Lieutenant-Governor of the State of California! She is able to do what she says she will do. She will do it. Let's dust off the Lieutenant-Governor's chair and put her in it.

Let's dust off the Lieutenant-Governor's chair and put her in it. nor is there a Democratic candidate at the primary.

Webb in Queer Dilemma. Atty.-Gen. U. S. Webb, running on three tickets for the nomination to succeed himself, has no Democratic opponent. It is a cinch he will become the Democratic nominee. This won't be pleasing to the untitled, but it can't be helped. As he has no opposition among "Progressives," he will also be their nominee. Now, two weeks after the primary, all of the nominees of all parties will meet at Sacramento to frame platforms and select State committee. Each party will meet at a different place at the same hour, if the law is obeyed, so that five conventions will be running merrily at the same time. Webb will help formulate the "Progressive" platform and will be required, by reason of having accepted Democratic endorsement, to participate in that party's deliberations. It's much more easily figured out how he can be in two different places at the same moment than it is to understand how he can run on two party tickets at the same time and keep his conscience clear.

Fredericks on the Sea. When the pleasure yacht Sweetheart, in charge of Commodore Leavitt, starts out in a few days for a little cruise of two months, touching at all the coast points from San Diego north, there will fly from the top of a fifty-foot mast a pennant twenty feet long, bearing the slogan, "Fredericks for Governor." Another yacht to fly a Fredericks streamer from its mast-top will be the Aloha, now lying in Los Angeles Harbor, and being put in preparation for a cruise that will start next week. Arthur Sanger is the owner of this yacht and is another staunch supporter of the District Attorney.

Organize Precincts. The Young Republican Club, aided by other organizations, last night started upon a series of meetings for the purpose of organizing workers in the various precincts of the county. Meetings will be held every night until the primaries. Last night a meeting was held at the Vine-street school at Colegrove. Seward Cole was chairman. The speakers were Spencer Thorpe, president of the club; Alfred Barrett, candidate for the Assembly in the Sixty-third District; Harry Brodski, candidate for the Senate in the Thirty-fourth; Bernard Fry and O. F. Scherer, candidates for Supervisor in the Third and Sixth Districts. Friday night the club organizers will hold a meeting at Sawtelle.

Campaign for Hopkins. Supporters of Ed W. Hopkins, incumbent, candidate for County Assessor, have outlined a whirlwind campaign in his behalf in realization that the primary election will decide the sole contest for this office. There are but two candidates for the position, and the majority vote for either settles the matter. Hopkins has a wide acquaintance throughout the city and county by virtue of the fact that he has held the office to which he seeks to return.

ENGLISHMAN TOO FAT.

Trying to straddle a two-by-four scantling and weighing 200 pounds resulted in a broken shoulder blade last night for E. S. Kibby, an Englishman, 70 years of age, living in a rooming-house that he recently purchased at No. 320 Buena Vista. The worst of it was the scantling was laid across a cellar pit-fall fifteen feet deep, into which he plunged. He was taken to the Receiving Hospital.

RAILROAD WINS SUIT.

(LOCAL CORRESPONDENCE.) RIVERSIDE, July 29.—In the case of Jesse L. Grantham vs. the Salt Lake Railway Company the jury last evening brought in a verdict for the defendant. Grantham sued for \$10,000 damages as the result of the death of a 3-year-old child which wandered too close to the tracks and was struck by a car step.

JOHNSTON PROVED EASY.

For Maurice McLoughlin at Longwood.

Needs Another Victory to Get Cup.

Hardly Everted Himself for Frisco Boy.

(BY A. P. NIGHT WIRE.)

BOSTON, July 29.—The custody of the fifth Longwood bowl, famous as a tennis singles trophy, was regained today by Maurice McLoughlin of San Francisco, after a brief and somewhat uninteresting match with the holder, William M. Johnston, also of San Francisco. McLoughlin needs another victory to obtain permanent possession of the trophy. He won a leg two years ago, but defaulted last year to Johnston.

In his successful career through the Longwood tournament this year, McLoughlin met and defeated in straight sets N. W. Niles, T. C. Bundy, A. S. Dabney, R. N. Williams, R. L. Murray and W. M. Johnston. He appeared to exert himself less today than in any of the five previous contests with the exception perhaps of that with Johnston. Johnston handled McLoughlin's cannonball service as well as either Williams or Murray, but he was weak at the net when he dealt with McLoughlin and lacked the strength of Murray to drive from base lines.

At no time in the match was McLoughlin pushed nearly as hard as in his contests with Murray and Williams. Even in the first set when Johnston took the lead in succession and made the score four all, the champion captured the next two and the set without jumping into the air or making any unusual effort. In the last two games in that set, McLoughlin earned six out of the thirteen played points, and made but three errors.

His only slump in the match was in the eighth game in the second set, when two sets, three outs and failure to handle two of Johnston's service drives gave the latter the game and tied the score for the set. Again McLoughlin came back to the next two games with four place shots, catching Johnston off his foot in each case and rattling the younger player into making a double fault. Johnston was fading fast as the third and last set started, although McLoughlin gave him some encouragement by handing over the second game, through errors. The trophy holder started the third set by getting a lead of 15-40 on McLoughlin's service, but this practically ended his tennis for the day, as McLoughlin soon made it three and a few minutes later took the game. In the final game of the match, after McLoughlin had made three errors he put on a little more steam and started the contest by four passes, each one of which left Johnston sprawling about the court.

Snappy Tennis.

(BY A. P. NIGHT WIRE.)

PITTSBURGH (Pa.) July 29.—All the players engaged in hard practice today. Brooks turned his right ankle, but declared the injury was not serious enough to affect his playing. The Antipodeans did not practice this afternoon, but the Germans engaged in doubles with J. W. F. Brooks and H. W. W. Brooks. Pleasant weather is anticipated for the championship matches. The Cup Committee of the Allegheny Club has completed all arrangements for handling the spectators. Practically all the seats for the matches have been sold.

STEWART IS SLAUGHTERED.

For Maurice McLoughlin at Longwood.

Needs Another Victory to Get Cup.

Hardly Everted Himself for Frisco Boy.

(BY A. P. NIGHT WIRE.)

BOSTON, July 29.—The custody of the fifth Longwood bowl, famous as a tennis singles trophy, was regained today by Maurice McLoughlin of San Francisco, after a brief and somewhat uninteresting match with the holder, William M. Johnston, also of San Francisco. McLoughlin needs another victory to obtain permanent possession of the trophy. He won a leg two years ago, but defaulted last year to Johnston.

In his successful career through the Longwood tournament this year, McLoughlin met and defeated in straight sets N. W. Niles, T. C. Bundy, A. S. Dabney, R. N. Williams, R. L. Murray and W. M. Johnston. He appeared to exert himself less today than in any of the five previous contests with the exception perhaps of that with Johnston. Johnston handled McLoughlin's cannonball service as well as either Williams or Murray, but he was weak at the net when he dealt with McLoughlin and lacked the strength of Murray to drive from base lines.

At no time in the match was McLoughlin pushed nearly as hard as in his contests with Murray and Williams. Even in the first set when Johnston took the lead in succession and made the score four all, the champion captured the next two and the set without jumping into the air or making any unusual effort. In the last two games in that set, McLoughlin earned six out of the thirteen played points, and made but three errors.

His only slump in the match was in the eighth game in the second set, when two sets, three outs and failure to handle two of Johnston's service drives gave the latter the game and tied the score for the set. Again McLoughlin came back to the next two games with four place shots, catching Johnston off his foot in each case and rattling the younger player into making a double fault. Johnston was fading fast as the third and last set started, although McLoughlin gave him some encouragement by handing over the second game, through errors. The trophy holder started the third set by getting a lead of 15-40 on McLoughlin's service, but this practically ended his tennis for the day, as McLoughlin soon made it three and a few minutes later took the game. In the final game of the match, after McLoughlin had made three errors he put on a little more steam and started the contest by four passes, each one of which left Johnston sprawling about the court.

FOUR STORIES
TO HIS DEATH.Child Falls Through Screen
on House Roof.Committee Seeks to Have
Harbor Surveyed.Officials Fill Vacancies in
City's Departments.[LOCAL CORRESPONDENCE.]
LONG BEACH, July 29.—Stepping
upon a rusted screen which covered
the top of an area-shaft on the roof
of the Marshall apartments, No. 34
Magnolia avenue, late this afternoon,
7-year-old Barr Gage fell through the
shaft sixty feet to his death.He was the only son of Mr. and
Mrs. Paul Gage of 21 North, vice-
president of the Lone Star Gas Com-
pany. Mrs. Gage and the little boy
came here yesterday after a visit
with the lady's grandfather, H. B.
Gage of Highland Park, formerly
pastor of the First Presbyterian Church.Mrs. Gage and her son, a bright,
comely-faced lad, took a surf
bath in the afternoon. They returned
to the apartment-house at 4 o'clock
and Mrs. Gage directed her son to go
up on the roof to hang his bathing
suit on the community line. An in-
stant later guests in the house heard
a shriek and the sound of a falling
body, and the lad was found, bleeding
and crushed, on the cement bottom of
the area way.He had stepped upon the screen
covering of the shaft running
from the roof to the basement. Four
stories down, and the rusted screen
gave way beneath his weight. The
line on which he sought to hang up
his little suit was over the trap.It is a violation of the building
ordinance of the city to allow the top
of an air shaft to remain exposed.
The little boy died less than an hour
after he was found and physicians
stated that a skull fracture caused his
death. An inquest may be determined
upon tomorrow. The boy's father,
who is in Ft. Worth, was notified.
Death, it is believed, was instantaneous.

SURVEY OF HARBOR.

Members of the Chamber of Com-
merce committee especially appointed
to look into the harbor problem sit-
uation have announced that all that is
necessary to sell the \$25,000 bonds
voted by the city for the improvement
of the harbor is to get the consent
of the government to furnish an en-
gineer who will survey the harbor and
supervise the expenditure of the money.A committee, composed of P. E.
Hatch, A. L. Barnley, C. H. Wind-
ham, J. A. Rominger and G. E. Mon-
roe was appointed to confer with
United States District Engineer Ray-
mond of Los Angeles, to find out when
this may be done by the government.
It is thought that before fall the im-
provement of the harbor will be be-
gun.

VACANCIES FILLED.

Vacancies in the city's departments
occupied the attention of official to-
day. The Police Commissioners met
and, although they discussed candi-
dates for an hour, came to no con-
clusion as to who should be the Chief
of Police. They think that they will
select a man by tomorrow. Henry C.
Scott may be chosen successor to J.
G. Teeple, of the Board of Public
Works, by the Mayor tomorrow. F.
H. Bann, formerly of Cornell Univer-
sity, is the other applicant.

ORDINANCE VOTED DOWN.

REDONDO BEACH, July 29.—The

day stating "Shall the ordinance pro-
viding for a special tax of 10 cents
on each \$100 of valuation be adopted
and shall the Board of Trustees levy
and collect such a tax," brought out
141 voters, 234 of whom voted against
the proposition while 251 were in
favor of it. It was lost by 27 votes.

People in This
Country Is Decreasing[LOCAL CORRESPONDENCE.]
The popularity of the physical cul-
ture with its accompanying discus-
sions regarding diet, has doubt-
less been responsible for part of the
steady country-wide decrease in over-
weight; also the last few years have
developed several flesh reducers which
have been very important factors in
causing this decrease. Among these
we consider the following one, which
can be made at home with very little
trouble, as far as the best and it doubt-
less costs the least. Put four cubes
of paraffin, which you can get from
your druggist, in 14 pint hot water
and strain when cool. Take a table-
spoonful before meals until weight is
where you want it. No harm results
from the use of the paraffin treatment,
and the flesh is left solid and the skin
soft and smooth.TWO ACCIDENTS
MAY BE FATAL.[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

Francis of the Anaheim laundry
were struck while riding in

were rendered unconscious and
late tonight the woman had
not regained her senses. Fran-
cis is believed to have two
fractures of the skull and is be-
ing operated on at a late hour

into Lacy Harrison, an em-
ployee of the Union Oil Com-
pany, and left him lying in the
road. A little girl discovered
the accident and gave the alarm.

how the accident happened.

BUT NOT MOTIVE.[LOCAL CORRESPONDENCE.]
ONTARIO, July 29.—Assured that
the woman who was responsible for
his return to this city after an ab-
sence of ten months would thus not
be dragged into the case, Edward
Burke, arrested yesterday on a
charge of arson, admitted the start-
ing of the \$50,000 fire which
destroyed four business buildings on
the night of September 22, last, and
threatened the entire business sec-
tion of the city, today confessed to
Officer A. Axley his part in the origin
of the fire.Burke admitted that it was in an
attempt to break open a pay gas
meter that he set the fire to the
restaurant, in which he was em-
ployed, with the result that the
charge against him was changed to
that of burglary in the first degree,
and after he had told his story at
his preliminary hearing this morning
he was held to answer to the Superior
Court, going back to jail in default
of \$1000 bail.Burke stated this morning that he
had been drinking heavily and after
retiring had thought of the meter-
breaking. He gained entrance to the
restaurant by a rear door, and was
examining the meter with a lighted
match when he accidentally set fire to
some papers lying near it. Before
he realized what he had done he was
in the flames. In his efforts to
quench the blaze his shirt caught on
fire, and he took this as a sign to
retreat to his room in a nearby
hotel.When the fire alarm was turned in
he hastened with the other employees
of the restaurant to fight the blaze.
At first, he said, he had no intention
of leaving, but the fear that he was
suspected of starting the fire drove
him and he left hurriedly. The police
declare that the girl in the case
was in possession of sufficient facts
to convict the man, even though he
had not confessed.
